

**Form to collect the information relevant for the PhD Quality Awards**  
**IMPORTANT: do not modify the template structure. Fill only the cells with yellow background**

**PhD Student information**

Surname	Rechichi
Name	Irene
PhD Cycle	36th
Tutor	Gabriella Olmo

**Participation in Research Projects (add as many rows as necessary, 1 row per project)**

Project name and short description	Competitive selection	Project Scope	From	To	Role in project	Notes
------------------------------------	-----------------------	---------------	------	----	-----------------	-------

**Teaching Activities in University Courses (add as many rows as necessary, 1 row per activity)**

Name of the course where the activity has been done	Course type	Course CFU	Academic year	Role in course	number of hours of teaching done	CPD evaluation	Notes
Informatica (Politecnico di Torino)	Bachelor	8	01/01/2023	Teaching during Laboratories	39,5	3,17	Academic Year 2022/2023. I taught in the Computer Sciences Workshops (Esercitazioni di Laboratorio).

**Research Dissemination Activities (add as many rows as necessary, 1 row per activity)**

Note that for 3rd year students the participation to a PitchD is necessary to get an award

Dissemination activity name (e.g. DAUIN PhD Day or My Research in 3 minutes)	Date	Link	Description	Notes
DAUIN PhD Poster Day 2022	08/11/2022	<a href="http://www.phd.dauin.polito.it/events/hddav2022/Rechichi.pdf">http://www.phd.dauin.polito.it/events/hddav2022/Rechichi.pdf</a>	I participated in the DAUIN PhD Poster Day with a poster summarising my ongoing research activities and future developments of the project.	The presented poster is available at the link provided.
Plenary Talk (LIMPE-DISMOV Congress 2021)	17/12/2021	N/A	plenary session at the Italian Congress on Movement Disorders (7° Congresso Accademia LIMPE-DISMOV), 15th-17th December 2021. The plenary session talk, held with Dr Mauro Rizzani (Dept. Neurology and Neuroscience, University of Turin), focused on the challenges and opportunities of technology in Parkinson's Disease. I discussed the role of Telemedicine in Parkinson's Disease and presented the outcome and current advancements of the joint work between our research group and the	
PitchD - The PhD's Pitch	30/03/2022	<a href="https://youtu.be/tlyvDzD9-8?featureshared">https://youtu.be/tlyvDzD9-8?featureshared</a>	I took part in the IEEE Student's Branch PitchD at Politecnico di Torino. Title of the contribution: "Sleep Disturbances as Markers of Neurodegeneration"; where I discussed the main topic of my research activities and the scientific challenges related to it.	The contribution is available online on YouTube at the link provided. I was invited by a member of the IEEE PoliTo Student Branch.
SINTEC Final Workshop (Uppsala University, Sweden)	28/04/2023	<a href="http://uu.diva.portal.org/mash/jar/02-3757631/PULLTEXT_01.pdf">http://uu.diva.portal.org/mash/jar/02-3757631/PULLTEXT_01.pdf</a>	As part of dissemination activities, I presented my current research on lightweight sleep monitoring techniques.	Oral presentation. Abstract available at the link provided.

**Participation in Contracts with Industrial Companies (add as many rows as necessary, 1 row per contract)**

Contract name and short description	Company name	From	To	Role in contract	Notes
-------------------------------------	--------------	------	----	------------------	-------

**Patents (add as many rows as necessary, 1 row per patent)**

Patent title	Patent Type	Last patent status	Date	Notes
--------------	-------------	--------------------	------	-------

**Technology Transfer Activities (e.g., teaching in courses for Companies, add as many rows as necessary, 1 row per activity)**

Technology Transfer Activity Description	From	To	Role in activity	Notes
------------------------------------------	------	----	------------------	-------

**Awards (add as many rows as necessary, 1 row per award)**

Award Description	Date	Type	Notes
Student Travel Grant (IEEE PerCom 2023)	13/03/2023	Other (specify in notes)	Awarded by the IEEE TCCP during IEEE PerCom 2023 (held in Atlanta, US)
Best Project Award	16/06/2023	Other (specify in notes)	Best Group Project Award. Awarded during the TCRT Summer School, organised by ETH Zürich. The award was selected on the basis of the quality of the project presented and its feasibility, as well as clinical implications.
