Dear Dr. Anastasio,

We are pleased to inform you that the website of your Special Issue "Nonlinear Structural Dynamics" has been set up. Please click the following link to check if all the information is correct:

https://www.mdpi.com/journal/vibration/special_issues/NSD

You may log in to the online system at <https://susy.mdpi.com> to check the status of all submissions in your Special Issue at any time. You can also check all the new submissions and do a pre-check to inform the editorial office whether they are suitable to process further and be sent for peer-review.

Kind regards,
Fan Wang
Assistant Editor
